CONFLICT OF INTEREST POLICY

The Mothers' Club of Grosse Pointe South High School (The "Corporation") strives to maintain the highest ethical standards in all policies, procedures, and programs and to avoid any conflict of interest. Conflicts of interest may be of varying forms or degrees and may be real or apparent. To address actual and potential conflicts of interest, the following procedures will be followed:

1. Disclosure. When a Director or an Officer is affiliated with an organization seeking to provide services, equipment or facilities to the Corporation, or when a Director or Officer has any duality of interest or possible conflict of interest, real or apparent, such affiliation or conflict of interest should be disclosed to the Board of Directors and made a matter of record, either when the interest becomes a matter of Board action or as part of a periodic procedure to be established by the Board. An affiliation with an organization will be considered to exist when a Board member or Officer or a member of his or her immediate family or close relative is an officer, director, partner, employee, or agent of the organization, or has any other substantial interest or dealings with the organization.

2. Voting. Any Board member or Officer having a duality of interest or possible conflict of interest on any matter should not vote or use his or her personal influence on the matter, although his or her presence may be counted in determining a quorum for the meeting at which the matter is voted upon, as permitted by law. The Board should obtain and rely on appropriate comparability data which should be included in the record of the meeting. The minutes of the meeting should reflect that the disclosure was made, that the interested Board member(s) abstained from voting, whether his or her presence was counted in determining a quorum, and that comparability data was considered and used as a basis for making the decision. Where a Board member or Officer is affiliated with an organization seeking to provide services, equipment or facilities to the Corporation, the Board shall make reasonable efforts to ascertain that a more beneficial arrangement could not have been obtained.

3. Statement of Position. The foregoing requirements should not be construed to prevent a Board member or Officer from stating his or her position on the matter under consideration, nor from answering questions of other Board members relating to the matter.

4. Duty of Good Faith. Board members and Officers shall exercise the utmost good faith in all transactions touching upon their duties to the Corporation and its property. In their dealings with and on behalf of the Corporation, they shall be held to a strict rule of honest and fair dealing between themselves and the Corporation. They shall not use their positions, or knowledge gained from their positions, in a way that a conflict may arise between their own personal interest and that of the Corporation.
